I'm writing to respectfully ask that you reject the National Association of Broadcasters petition 04-160. I have been an XM Satellite Radio subscriber for well over a year and a half and I, along with my entire family benefit from XM's traffic and weather channels. Recently, a storm knocked out power to my home, but we were able to listen to XM for needed info. All the local radio channels were playing commercials. I pay for services through XM and feel the NAB has no right to tell me and millions more like me what I can and cannot listen to. I hope you feel the same way and will reject the NAB's petition.

Best Regards,
James W. Duffey
